

## **Special SGA Vote – 1.18.22**

### **Secretary – Elbread Roh**

Elbread announces to the SGA about a goody bag purchase. His committee, SASC, met together last week to brainstorm their goody bag event. Per tradition, SASC gives students goody bags every term during Hell Week to give students an extra boost of energy to do well on their exams. The items that the SASC prepared for this term were bouncy balls, ramen, stickers, candy, and pencils. The total cost for these goody bags ended up being around \$550, enough for the SASC budget of \$600. However, this purchase is above the limit where an SGA vote would have to be conducted in order to approve the purchase. Elbread motions to vote for the approval of SASC's goody bag purchase through a virtual vote. Eugene seconds this motion.

This vote occurred on the SGA Teams where a poll was created in which SGA members could choose on approving, rejecting, or abstaining the vote.

Vote: Approve the SASC's goody bag purchase

- Approved: 9
- Rejected: 0
- Abstained: 8
- Did not vote: 5

The motion passed with a majority vote from members who could vote. All of SASC, including the shadows, abstained from the vote. SASC will be able to go through with their goody bag purchase.
