Initiatives Committee is working on environmental awareness in the community and specifically in SGA sponsored clubs. The committee has had an idea to purchase reusable bags and get the ASMS logo on them and keep them in the front lobby with a signout sheet to take the bags on runs. Also, Greenpeace wants to make a document of how to go about your club event including cleaning up afterwards and how to how to host sustainable events. Additionally, posters will be up around campus for non-plastic options and reusable materials/containers.

The SGA is concerned over whether the bags would be brought back and returned and it is suggested to check the SGA closet to prevent unnecessary double purchasing which would also keep events environmentally friendly.

SGA Advisors

Not all events will receive emails from Student Affairs if they are approved. Just assume everything is all good unless you get an email stating otherwise. Please check the outlook calender for all scheduled events.
