Opening Statements

Hello, everyone! Let's move to the reports from our officers.

Parliamentarian, Jeeah Kim

SGA members went around with the things that they are grateful for in honor of the upcoming Thanksgiving holiday.

Thought of the day: "If you're really thankful, what do you do? You share," by W. Clemont Stone.

Sergeant at Arms, Lex Mroczko

Upcoming events for the School Spirit Committee are as follows. More information will be posted soon.

December 4th: Hot Cocoa and the Polar Express

January 5th: New Years Caf Party

January 20th: Tote Bag Painting and Charcuterie

January 24th: Slime Making in Courtyard

February 7th: Valentine Graham/Card Making and Charcuterie

Treasurer, Joe Sherrod

On the Monday we come back from Thanksgiving break, an informational session for all SGA sponsored clubs will be held around 4pm to go over how to fill out Purchase Order forms. Additionally, expectations for club activity for the year will also be reviewed. At least one officer from each club must be present.

There has been a budget request for Scholars Bowl (not SGA sponsored). They need \$100 for the varsity team to compete in the local tournament. In the Executive Committee budget right now we have \$450 and the \$100 would be drawn from that. Specifically, \$75 is the registration fee for the team and \$25 is Mr. Dolbeare's registration fee. The motion for the budget request is made and passes.

Vice President, Saku Cui

Attached document for Winter Fest was presented. The event will be on December 2 from 7pm-10:30pm. All of SGA will be needed, so please keep your plans free. View the required volunteering activities

below. There are several activities that would need assistance. Additionally, all clubs helping with winter fest need to get their Purchase Orders in by the end of this week.

Trash Memes are presented on the SGA Teams. These will be printed in color and posted around campus.

Big initiative for the year: Reach out to local elementary schools to bring young students to the ASMS campus as a part of a STEM outreach day. They would be in groups and would get to see presentations from teachers and students. We want them to know they can do this in their future, and we want to show them it is possible and exciting. Logistics will be worked out in future Initiatives Committee meetings. There would be a lot of student involvement. This event will take place around mid-spring term.

SGA Advisors
